

CHARGED WITH CRONIN MURDER

WARRANT SERVED ON LAVERNE RAYMOND THIS MORNING.

FOLLOWING LONG INQUIRY

Mrs. Cronin Thinks He Has the Same Voice And Slope to the Back As Man Who Came to Her Door.

Complying with the urgent requests of Officer William Mason of the local police department, Sergeant Read of the Rockford force, and Pinkerton Detective Smith of Chicago, Laverne F. Raymond and Roy McKinney, who put on a high revolving ladder performance at the county fairs last season and who are running a snake exhibition this year, came down from Tomah Saturday evening to lend their presence to an investigation relating to the mysterious murder of Michael Cronin on the night of January 21. It was the understanding that all expenses should be paid if the state failed to establish a case against them. They were not placed under arrest and stopped over Sunday at one of the local hotels.

Inquiry at City Hall.

The inquiry was conducted by District Attorney J. L. Fisher in the assessor's office at the city hall this morning. Those present included the two men in question, a number of small boys who had a shanty about two blocks from the Cronin home on Western avenue, last winter, the police officers, the detective, Supervisor M. P. Richardson, a stenographer, relatives of one of the suspects, and other witnesses. The two showmen at first offered some objections to being examined outside of a courtroom, but presently agreed to answer all questions and did so without further hesitation. Raymond said that his name outside the show world was Smith; that he bore the nickname, "Moody" Smith, while in school at Evansville, Ind., that he had an aunt residing here and that his mother had lived in Janesville during the past year. He is 28 years of age, is five feet six inches tall, dark complexioned, with brown hair and dark eyes. He is well groomed and has an agreeable voice and pleasant manner of address; also a habit of posturing with his hands and fingers when engaged in animated conversation. His associate, McKinney, is 26 years of age, not quite six feet tall; rather heavily built, with hair of a reddish hue. At one time he drove a coal wagon here for F. A. Taylor.

Postals Proved Nothing.

Raymond testified that he was running a pool hall in Chicago for a man named Joadwine during the early part of the year, and quit his job about the middle of January; that he quit his job about Jan. 16 and came to Janesville for a visit on the 28th, 29th, or 30th of that month. He said that he roomed at the home of a Mrs. Fletcher at 51 North Ashland street and got his meals at Emil Gornhardt's place, 88 Walnut street. McKinney wrote a postal which reached him on the 19th day of January and returned to Chicago where he roomed with Raymond for ten days. During that time neither the witness nor McKinney were out of the city. The other postals found upon the persons of the two men were dated March 21, April 11, and sometime in May and established nothing beyond the fact that the pair might have been in one another's company on the 21st. Raymond's mother testified that she drew money from the bank on the 20th and forwarded it to him in Chicago, in the shape of a postal order, on Jan. 20.

Identified by a Boy.

A boy named William Rocks, one of the coterie who frequented the shanty, near the Cronin farm, was summoned to the room and asked to pick out the man whom he saw in that vicinity on the day of the murder, if such a person was present in the room.

TO BUILD A SHED IN THE COUNTRY?

Thieves Made a Wholesale Raid on Carpenter's Tools And Lumber at New Pond Home Saturday Night.

Thieves, believed by Chief Appleby to belong to the country, broke into the carpenter-chalet at the new residence for W. S. Pond, which Mr. Van Pool and his men are erecting on Milwaukee avenue, Saturday evening, and carted away a complete outfit of tools as well as a keg of blue penny nails, a quantity of sixteen foot plge boards, and 4x8x12 window casings. The tools included a new Bishop rip saw, a small saw, a hand ax, a Roen Kutter hammer, three chisels, a pair of eight-inch pipe cutters and pliers, a shingling axe, saw, and square, two soldering irons, and various other implements.

Automobile Parties: Automobile parties registered at the Hotel Myers since Saturday noon were as follows:

Mr. and Mrs. Ray Karl and Arthur Van Gorder of Gregory, Ill.; Mr. and Mrs. W. H. Horton of Delavan and Mr. and Mrs. J. J. McLean and sons of Elkhorst; Mr. and Mrs. C. H. Raker, Mr. and Mrs. H. W. Brown and Richard Brown of Lancaster.

ing back of him, pointed her finger and signaled that she believed he was the man she was looking for. "He has the same slope to his back," she later explained. Mrs. Cronin and her daughter, it is claimed, had not seen the two men before. The former, listening through a crack in the door of the assessor's room before the courtroom scene, is also said to have traced a similarity between Raymond's voice and that of the man who came to her door on the night of the tragedy.

Other Witnesses.

When the inquiry had been resumed in the assessor's room, Walter Dulin took the stand and told about seeing the supposed "cool detectives" about a block and a half away on the day in question. "The short guy wore a cap and the tall one a derby," he declared. Witness told about Kook's encounter with one of the men but said he was not present. Bert Miller also saw two men in the cut but not close enough to get a view of their countenances. Raymond's aunt testified that there was no buy team at the Fuller dairy farm. Raymond's mother said that he was not in Janesville until Jan. 28.

Held for Examination.

On a complaint sworn out by Miss Agnes Cronin, Raymond was placed under arrest and taken before Judge Field. His hearing was set for Friday morning at 10 o'clock and he was remanded to the county jail without bail pending the hearing. There was no particular evidence against McKinney and he was allowed to go. Raymond declares that his arrest and detention on evidence which he characterizes as absurd and preposterous, is an outrage and that there will be legal trouble in store for several parties after he has cleared himself.

LIST OF DAMAGE IS GROWING RAPIDLY

Fourteen Hundred Reported Dead—Much Property Destroyed.

Mexico City, Aug. 30.—Forty-four hundred dead and a property loss of twelve millions, with fifteen thousand homeless, are the estimated results of the great floods at Monterey. Ten thousand are being fed by the municipal authorities, and at the American consulate they are giving food to all who apply. Eighteen blocks of buildings were entirely washed away. It is estimated that eighteen inches of rain fell, but the greatest destruction is said to have been caused by the giving way of the reservoir dam.

NEXT YEAR'S GAME. Roosevelt will probably visit China next year in the interests of the American trade.—News Item.

GERMAN-AMERICAN SONDER BOAT RACES

"Rubber" Event for President Taft and Gov. Draper Cops Began Today Off Marblehead.

Marblehead, Mass., Aug. 30.—No previous yachting contests in New England waters have ever aroused such intense and widespread interest among lovers of the sport as the German-American sonder boat races, which began off Marblehead today. The contests are under the joint management of the Imperial Yacht club of Kiel, Germany, and the Eastern Yacht club of Marblehead. Each club is represented by three yachts of the sonder class. The German boats, which were selected at the trial races held at Kiel last June, are the Mar garithe, Havilla and Seehund I. The three yachts selected to uphold the honors of America are the Ellen, Joyette and Wolf.

Sonder yacht racing began on this side of the Atlantic in 1905, when 17 ships were built and three selected as opponents to a like number from Germany. The Americans successfully defended the President Roosevelt cup, but the next year in a return match at Kiel the Yankee boats were eliminated without winning a race, the Emperor's cup going to the German boat Wamoose. The contest began today is therefore the rubber event.

For the benefit of the uninitiated it may be explained that a "sonder" boat is a certain type of a small yacht built under certain clearly defined restrictions. The rules provide that the total length, breadth and draft shall not be more than 32 feet, the displacement not less than 4,000 pounds, the boat to be of sound construction, with a sail area of not more than 550 square feet, each yacht designed, built and fitted in the country in which it belongs, and the cost limited to \$2,000.

Joette won the first of the series of German-American Sonderklasse yachts; the Ellen was second; Wolf, third; Marguerite, fourth; Havilla, fifth; Seehund, sixth. The Joyette led from the start.

TO GO TO SCENE OF ROOSEVELT'S HUNT

Party of Four, Including Cartoonist McCutcheon, Sail Today to Hunt Big Game in East Africa.

Naples, Aug. 30.—A party comprising Fred M. Stephenson, a wealthy resident of Wisconsin, Mr. and Mrs. C. E. Akoley of New York, and John T. McCutcheon, the Chicago cartoonist, left Naples today en route to British East Africa. The whole party will engage in the pursuit of big game, chiefly for the purpose of obtaining zoological specimens for the American Museum of Natural History. A complete cinematograph outfit is taken along and it is possible the hunters will secure moving pictures of wild beasts in hostile motion.

EMPEROR WILHELM REVIEWS WARSHIPS

Great Naval Pageant at Kiel, Viewed by Kaiser-Marks End of Summer Naval Maneuvers.

Hortlin, Aug. 30.—A great naval pageant to mark the close of the extensive summer maneuvers, which for more than a month past have been in progress in the Baltic sea under the command of Prince Henry of Prussia, took place today off Swinemünde, where the entire German fleet was reviewed by Emperor William. Forty battleships and armored cruisers of the first-class type took part in the review. Anchored in several columns, with fifty torpedo boat destroyers in flanking lines, the fleet presented a magnificent spectacle as the imperial yacht, Hohenzollern, bearing the emperor and a large official party, paced through the lane of ships.

EDUCATIONAL OPERA TO BE INAUGURATED

"Le Prophete" First of Series of Plays in French and Italian Presented at Manhattan Opera-House.

New York, Aug. 30.—Oscar Hammerstein's latest innovation—a preliminary season of "educational" grand opera in French and Italian, with an entirely new company of principals altogether different in personnel—is to be inaugurated at the Manhattan opera-house tonight. The initial opera will be Meyerbeer's "Le Prophete" in French. The title role will be sung by M. Lucas, who appeared in it in Paris. It will also serve to introduce to the American public Mme. d'Alvarez, a Spanish contralto, of the Royal Antwerp opera. Other prominent singers engaged for the season include Signor Caruso, the young Spanish tenor; Mme. Alice Baron, late of the Paris opera; Henri Scott, the American bass; N. Dufrault, a French tenor; Mme. Lalla Miranda, and Mme. Marguerite Sylva.

PROHIBITION DEBATE IN OSHKOSH TONIGHT

Aaron S. Watkins, a "Prohi" Leader, and Clarence S. Darrow, to Engage in Wordy Battle.

Oshkosh, Wis., Aug. 30.—Prohibitionists and the liquor interests both are greatly interested in the joint debate to be held at the local Chautauque assembly this evening between Aaron S. Watkins, candidate for vice-president last year on the prohibition ticket, and Clarence S. Darrow of Chicago, speaking for the United States Brewers' association. Mr. Watkins is to uphold the affirmative, and Mr. Darrow the negative side of the question. "Resolved, That prohibition, as applied to the manufacture, sale and use of intoxicating liquors is right."

NEW BISHOP TO BE CONSECRATED TODAY

Rev. Edmund Dunne of Chicago Diocese to Be Installed as Bishop of Peoria.

Chicago, Aug. 30.—All arrangements have been completed for the consecration of Rev. Edmund Michael Dunne, chancellor of the archdiocese of Chicago, as bishop of Peoria. The ceremony will be performed Wednesday in the Most Rev. Diomedes Falconio, the papal delegate at Washington, will officiate, and the sermon will be preached by Very Rev. D. J. Jordan, who delivered the sermon at Dr. Dunne's first mass. Attending the ceremony will be all the pomp and dignity which the solemn consecration of a bishop demands. The formal installation of Bishop Dunne to succeed Bishop John Lancaster Spalding will take place next week at St. Mary's Cathedral, Peoria.

Former Residents and Visitors Arrive By Scores For Old Home Week Festivities.

Winona, Minn., Aug. 30.—Winona throw her gates wide open today in welcome to the scores of former residents and other visitors arriving for the Old Home Week celebration. From end to end the city is elaborately decorated for the seven days' festivity. The committee in charge of the celebration has completed a program that is filled with interesting features. Included among the attractions of the week will be parades, baseball games, band concerts, horse races, vaudeville performances, athletic sports, and steamboat excursions.

OPEN FISHGUARD A NEW PORT OF CALL

Entrance of Mauretania into New Port on Welsh Coast Marked with a Celebration.

London, Aug. 30.—A dispatch from Fishguard, the new port of call on the Welsh coast, says that an elaborate celebration was held there today on the arrival of the Mauretania from New York, the first of the transatlantic liners to enter the new port on the eastbound trip. As the giant steamship came up the harbor with her masts dressed with bunting she was met by tenders and private yachts carrying the guests of the Cunard Steamship company. Moving pictures of the arrival of the steamship were taken for production in the London theatres tonight. The passengers disembarking at Fishguard are due to reach Paddington station tonight in time to connect with the 10:30 Calais steamer.

The opening of the new port is regarded as a clever move on the part of the Cunard line and the Great Western railroad, as it enables the passengers from New York to reach London several hours earlier than could be done if they continued on to Liverpool. The change of route seems to have been induced, however, not so much by a desire to obtain a larger share of the passenger traffic to the continent as by the necessity of doing something to counteract the attractions of Plymouth as a port for the eastward mails. Cherbourg, as a port for Paris and central Europe generally, will also suffer by the change, but the real object of the movement is apparently to get the United States mails and passengers as quickly to London and beyond as they can be transported via Plymouth.

LETTER CARRIERS IN SESSION AT ST. PAUL

Biennial Convention of the National Organization Gathered Here for Telling Discussions.

St. Paul, Minn., Aug. 30.—More than one thousand delegates, representing twenty thousand letter carriers in cities throughout the country, are in St. Paul for the biennial convention of their national organization. The convention will get down to business tomorrow and continue in session through the remainder of the week. A number of matters of importance are to come up for consideration and action. Better wages for substitute carriers, the question of longer vacations, and a retirement bill whereby old and incapacitated carriers may be retired with a pension are foremost among the subjects to receive attention. Dallas, Texas, and Dayton, Ohio, are bidding for the honor of entertaining the next convention of the association.

AUTUMN RACING SEASON OPENED

GREAT FUTURITY RUN AT SHEEPSHEAD BAY TODAY.

THE GRAND CIRCUIT MEET

On the Famous Two-Minute Track at Readville, Just Outside Boston, Begins Tomorrow.

New York, Aug. 30.—The great Futurity, worth this year about \$30,000, is to be run over the six-furlong straight course at Sheepshead Bay this afternoon as the opening event of the fall meeting of the Conny Island Jockey club. Nearly a score of probable starters have been announced, including a number of youngsters of unknown quality.

The Futurity is the banner event of the metropolitan racing season and seldom fails to draw the largest and most enthusiastic crowd of the year. Since it was first inaugurated in 1888 it has been known as the largest stake offered in this country for horses. In recent years it has been worth about \$50,000 to the winner. This year, owing to the assigned odds, the governing racing in New York state, the value of the stake has been considerably reduced, though public interest in the event apparently has not been lessened on this account.

Meet at Readville.

Boston, Mass., Aug. 30.—At the famous two-minute track at Readville, just outside the Boston limits, scores of fast trotters and pacers were in practice today in anticipation of tomorrow's opening of the Grand Circuit meeting. For many years this beautiful racing plant has been the scene of the most successful harness meetings pulled off in this country. Recently the track came under new ownership and the meeting this year opens with the prospect of renewed success.

The program arranged for the week is a splendid one. As more than \$80,000 is to be distributed in four days, the making has attracted the very best stables in the country. Naturally the American Derby with its \$50,000 prize hold first place on the list of events. Next in importance and value are the Dixie Hill and Neponset Handicaps.

Rutland, Vt., Aug. 30.—Professor L. R. Jones, state botanist and head of the department of botany at the University of Vermont, accepted the chair of plant pathology at the University of Wisconsin, his duties to begin February 1st, 1910. Mr. Jones is a native of Wisconsin and a graduate of Ripon college and the University of Michigan.

HARRIMAN'S LIFE IS IN NO DANGER NOW

However Will Have to Take Unusual Care of Himself.

Turner, N. Y., Aug. 30.—Reports regarding Harriman's condition are most favorable this morning and it is now declared that while Harriman is in no immediate danger of his life it must be regulated, with extreme care.

Statement Made. New York, Aug. 30.—Harriman today issued a statement in which he says that the treatment at Munich is being followed at his home upon lines advised by his physicians.

Examinations have been made by physicians and they find nothing serious. The doctors renew their advice that he should have rest and not be seen by many people at any one time. He promises should anything serious develop he will notify the press.

FINE LIVESTOCK AND FARM PRODUCTS AT OHIO EXHIBIT

State Fair Opened at Columbus Today Promises to Exceed in Excellence All Former Shows.

Columbus, Aug. 30.—The annual Ohio State fair opened today under conditions that promise the most successful exhibition of its kind ever given in the Luckey state. The fair this year is more elaborate than ever before. In the display of horses, live stock, machinery and manufactures, the exhibits are record-breaking in number and of the highest class. Hand concerts, vaudeville, fireworks displays and numerous other features have been prepared by the management. Visitors from all quarters of the state are already arriving in large numbers and all signs point to large crowds later in the week. The business section of the city presents a gala appearance in honor of the opening of the fair.

## 1,200 DROWNED; PITIFUL SCENES

GREAT LOSS OF LIFE AND PROPERTY IN RAGING MEXICAN FLOOD.

## THOUSANDS MADE HOMELESS

Families Are Divided as Torrent Catches Them Asleep in Their Houses—American Public Will Be Asked to Render Aid.

Laredo, Tex., Aug. 30.—That 1,200 lives were lost in the floods in northern Mexico—the greatest number of fatalities being in and near Monterey—there now seems no question. It is reported that 400 bodies have been recovered at Monterey and scores of them are being buried to-day to prevent the spread of sickness.

The property damage is variously estimated from \$5,000,000 to \$20,000,000.

The flood waters of the Santa Catarina river continue on their rapid course and to add to the horror of the situation the rain commenced to fall and caused untold suffering to the thousands of homeless people who had congregated on the various plazas, their only homes in the extreme emergency.

## Rain Falls Four Days.

The destructive flood, due to the continued fall of rain for 98 hours, swept everything before it and hardly a vestige is left of what was a few days ago a conglomeration of small huts swarming with families belonging to the poorer classes. The loss of life cannot be accurately estimated for days—perhaps weeks.

The flood reached its crest in the early part of the hours between 11 and three o'clock and many families were swept away to a watery death with hardly a chance to fight for their lives. With the on-rush of the water, pandemonium reigned and as the poor wretches were swept from their homes, on the tops of which many had sought shelter, never for a moment anticipating that the water would reach an unprecedented height, pitiful appeals for assistance could be heard rising above the roar of the onrushing waters by those on higher ground, but who were powerless to render aid of any kind.

## Aid for the Sufferers.

Every effort was made in Monterey to shelter the women and children. Homes were thrown open to the sufferers; the police station, many of the hotels and private clubs, as well as the rooms of several organizations were placed at the disposal of the authorities and for the greater part of the women and children were cared for. However, many of the men were compelled to sleep in the open in the various plazas. Both Zaragoza and Hidalgo plazas were alive with people throughout the night and a vast throng congregated in this vicinity, which is on high ground, in order to witness the rampage of the miniature Niagara as it swept onward after completing its work of destruction.

Pitiful scenes are reported among the women and children. Many women have been separated from their husbands; mothers from their children without knowledge of the whereabouts of one another, and scenes of the most profound grief are witnessed on all hands.

## Fear Scarcity of Food.

While as yet there is no scarcity of food and Monterey is amply able to care for its destitute, there is fear of a shortage in the near future.

It is understood that an appeal for aid has gone out from the city of Monterey. One statement is to the effect that Consul General Hanna has appealed to the authorities at Washington requesting that a general appeal be made by the federal government through the medium of the press requesting monetary assistance.

## CALLS PIE A BRAIN FOOD.

Omaha Pupils to Have It After Principal's O. K.

Omaha, Neb., Aug. 30.—Regardless of what may constitute its component parts pie is brain food. Such is the official decision of the Omaha board of education and of Prof. Graff, principal of the Omaha high school.

The pie question came before the Omaha board of education when the opening of a restaurant in the high school building was up for discussion the other night. Members discussed what should be served to the students and which foods would bring the best results as brain foods. Two members opposed pie. The others, 14 in number, insisted that pie is the best thing that children can eat. It was finally left to Prof. Graff to decide and he remarked that, aside from the pie "that mother made," all pies are good. Not only are they good but, owing to their internal construction, "as brain food they have fish beaten a mile and then some."

## The Poet's Retort.

Jaquelin Miller was once overtaken by a countryman, who gave him a long ride. Tired, at length, of conversation, the poet took a novel from his pocket.

"What are you reading?" asked the countryman.

"A novel of Bret Harte's," said Mr. Miller.

"Well, now, I don't see how an immortal being wants to be wasting his time with such stuff."

"Are you quite sure," said the poet, "that I am an immortal being?"

"Of course you are."

"If that is the case," responded Miller, "I don't see why I need be so very economical of my time."—Christian Register.

## TAFT AID TENDERS HIS RESIGNATION

ASSISTANT SECRETARY OF COMMERCE AND LABOR JOBS ROOSEVELT AND QUILTS.

## PRESIDENT WILL ACCEPT

Ormsby McHarg Says Former Chief Acted Like He Thought He Was the Lord—Also Lams the American People.

Beverly, Mass., Aug. 30.—Following close upon the hot shot he fired at former President Roosevelt, comes the report that Ormsby McHarg, assistant secretary of the department of commerce and labor has tendered his resignation and that President Taft will accept it.

Secretary Nagel, head of the department, had an extended conference with President Taft and discussed with the chief executive the question of a successor to Mr. McHarg. Secretary Nagel received a letter from the assistant secretary saying he must adhere to his first intention of remaining in the department only for a period of six months.

Term Expires Saturday. This term of duty will expire September 4, and by that time Secretary Nagel hopes to be ready to announce the choice of a new assistant. Mr. McHarg announced some time ago that he soon would leave the government service to engage in private business. In his letter to Secretary Nagel

Ormsby McHarg.

he reminds him of his intention to leave the service, but says that if a successor cannot be found by Saturday he will continue in office until October 1. Mr. McHarg's formal letter of resignation will follow.

There was no one in Beverly willing to say that Mr. McHarg's resignation was in any wise the result of the interview in which the assistant secretary is said to have declared among other things:

"May be he (Roosevelt) thought he was the Lord. He acted like it around here for a good many years."

He denies making this statement. Mr. McHarg is reported to have said that the policy of forest conservation outlined by President Roosevelt was too dreamlike ever to be of practical value and that only "the Lord himself" would have carried it out. Mr. McHarg further was represented as having said that perhaps Mr. Roosevelt thought himself equal to the work of Miracles.

"But don't you believe that even if there are a hundred or more power companies they can be consolidated into one concern, just as the Standard Oil has done with oil wells?"

"Standard Oil does good." "I am not its defender, and I am not afraid of it. But it is foolish talk of consolidating all the water power concerns in this country. There are so many streams where power can be developed. It would be just as easy to consolidate all the railroads."

"How about Harriman?" it was suggested. "He has almost done it."

"Yes, and Harriman is almost dead, too? No man capable of such things has a successor. Napoleon had no successor, had he?"

Mr. McHarg, with a copy of President Roosevelt's message before him, from which he read copious extracts, asserted in criticizing the prediction that unless restrained a water power trust will be formed which will exact tribute from our children, that the doctrine of the survival of the fittest should prevail.

"I don't want anybody to conserve something for the workings," he declared.

Mr. McHarg also expressed his opinion of the people of this country by declaring that "the truth of the matter is only about ten per cent. of them think at all."

TELLS TIME ANYWHERE

Dial Records Hour at Principal Cities of the World.

An interesting invention is the time-glass devised by a New York man. At a glance it will tell the time at any of the principal cities of the world, or at substantially any point that one might wish to know about. The timepiece consists of a stationary dial with the names of the cities spaced around it, these names being printed in different colors to distinguish ante and post meridian time. In connection with these names are mathematical indicators for sub-

tracting or addition. The dial is further supplied with hour and minute hands. When it is noon in London, for instance, all that is necessary to find out the time at New York is to run down to the point in the circle where New York is printed and subtract the requisite number of hours and minutes. Such a timepiece is very convenient for persons who have occasion to send many telegrams, as it enables them to tell when their message will reach its destination.

## MOURN THE LOSS OF KRISTOFFER SISTON

Orfordville Resident Bereaved Over Death of Highly Esteemed Citizen Who Died Monday.

Orfordville, Wis., Aug. 29.—Kristoffer Siston, a well known resident of the county and of this vicinity, died last Monday afternoon at 3:45 at his home in Orfordville at the age of sixty-three years and six months. He was buried Wednesday, August 25, from the Lutheran church and his body was interred in the Lutheran cemetery. Rev. J. A. Bergh of the Lutheran Valley church, conducted the services. The very large attendance at the funeral showed the high esteem in which he was held in this community.

Kristoffer Siston was born February 11, 1846 in the parish of Ness, Norway. He spent his boyhood days in Norway and was confirmed in the same church in 1861. On August 6, 1868 he was married to Karl W. Rolfsen and in May 1888 they emigrated to America, settling on a farm near Orfordville. He labored on his farm until eleven years ago, when he sold it and bought a home in Orfordville, where he has since resided. During the past sixteen years Mr. Siston has been a patient sufferer with asthma, which culminated in his death. He was a good Christian, a member of the Lutheran church of Orfordville, a devoted husband and a loving father, and was highly esteemed by the people in this village.

Besides his wife he leaves to mourn his loss seven children, four daughters and three sons. They are: Mrs. Barbara Eason and Mrs. Gert Burdick of the town of Plymouth, Mrs. Sheri Lee of Clinton, and Mrs. Caroline Cook of Milwaukee; Stone and William Siston of Orfordville, and Peter Siston of Janesville.

## MADE MAD DASH ON THE STREETS SUNDAY

Team of Horses Ran Into the City From the Randall Farm.

After being driven all the way from Whitewater to Janesville, Saturday, a team of horses belonging to James Emory still had spirit enough to break from their fastenings at the Randall farm near the golf links yesterday morning at about 11:15 and race at a breakneck speed through the city. They were not hitched to a wagon at the time they became frightened but were encoined by a neckyoke, which was broken during their flight. One of the horses dropped from exhaustion at the corner of Jackson and Milwaukee streets and it was thought for a time that it was dead. Except for a few square inches of hide which were scrapped off, the horses were uninjured.

## SEEKS WARRANT FOR PROTECTION OF SON

David B. Griffin Wants John Condon Arrested on State Warrant.

Alleging that John Condon, for years an enemy of the family, has been making threats against the life of his son, Frank, David B. Griffin of South Pearl street this morning sought out District Attorney Fisher for the purpose of making out a complaint and availing out a state warrant for Condon.

Since the time, some years ago, that a young son of Mr. Griffin came to his death from a gun shot wound, the son in question being in the hands of Condon when discharged, there has been bad blood between the families. Condon was sent to the state reformatory but was subsequently released. Saturday night about half past eleven, Frank Griffin, in company with a young cousin by the name of Henney, drove up to the fountain on West Milwaukee street for the purpose of watering his horse.

It is stated that at the time, Condon with two companions, was standing nearby and after a few words, a fight was started and Condon was worsted. Each party claims that the other started the fracas. Officer Sam Brown, who lives nearby, was roused by the noise, but when he appeared on the scene, the combatants had vanished.

After the fight, Mr. Griffin alleges that Condon made threats against his son's life, stating that he had "got" one of the family and that he would "get" the other. These threats are alleged to have been a common topic of conversation among the "gang," who make their headquarters near the western end of Milwaukee street, but could not be verified. Condon was later brought before the police for examination and in view of the fact that no one appeared to make a complaint, was released. He claimed at the time that he had been called a vile name and that Griffin had struck him first.

Since his return to the city, Condon, together with several of his life, has been continually in hot water. At one time he made threats against a clerk on Milwaukee street, but after learning that his opponent was a "gun fighter," fought shy of him. Later it is alleged that he was implicated in an assault upon a stranger near the North-Western passenger station. Mr. Griffin stated this morning that he could produce a witness who saw him leave the scene.

Another assault, in which it is alleged the Condon was implicated, was the committing upon an employee of the Janesville Machine company by the name of Otto, who was badly beaten while leaving Liberty & Dickson's saloon on South River street early Saturday evening. No complaint for any of the three assaults was made to the police, the matter coming to light only when Mr. Griffin entered his complaint with regard to the threats of his son's life.

## JANESVILLE WOMAN SENT BACK HOME

Driven Out of Harvard by the Authorities, Came to This City.

Della Wheeler, of Janesville, is implicated in an affair which took place in Harvard, and for which one woman, Mrs. William Traver, has been evicted from that city. Mrs. Traver made a complaint to the mayor of Harvard that her husband was selling beer without a license and turning his home into a place if ill repute and he was accordingly arrested for illegally selling liquor and fined. Traver has also been bound over to the grand jury on \$500 bond, which he was unable to furnish and is in jail to answer to the charge of keeping a house of ill repute. The Traver woman and Della Wheeler were ordered to leave Harvard and both came to Janesville.

## The Evening Chit-Chat

By RUTH CAMERON

THE people who are forever treading on other people's mental toes and trails are no more welcome in society than those who tread on actual ones.

There is a sort of sixth sense that makes more for popularity than any talent and that is a sensitiveness for other people's prejudices and feelings—a sort of mental antennae, as it were. We recognize its relation to touch when we call it by a word which comes from the Latin "tango," meaning "touch"—that is, tact.

If you want to be popular, cultivate this sixth sense. How?

Then you have me.

In a thousand ways that cannot all be labeled but grow and develop out of each other as the branches from a tree.

But I will tell you one thing that you can do deliberately, and that is: to take care never to relate an anecdote without first scanning your audience and asking yourself if there is anything in what you are going to say that can possibly offend any of your hearers.

I sometimes think that more people make themselves disliked by not doing that than in any other way.

"I am not at all popular with her father," a young man said to me recently when discussing his prospects with "The Girl."

"Dear me," I said, "that's unfortunate. What's the trouble?"

"Oh, just a little story I told one day," he explained. "I knew her father was a German, but I didn't think of it at the time. Heavily stupid of me. Someone was saying something about the Italian language being musical and I thought I'd help along by quoting that old saying about the languages, you know: 'English is the language of men; French is the language of women; Italian is the language of angels; and German is the language of horses.' But it didn't exactly help."

At a dinner party a friend of mine told a story about a school for feeble-minded where she had witnessed a little play given by these pathetic grown-up children.

"And the thing that struck me most forcibly about the performance," she finished, "was the strange noise in the audience like a great many little creatures eating. And I looked and saw that all the children were biting their nails, nibbling them like a squirrel's nut. The principal of the school told me afterwards that it was one of the first signs of feeble-mindedness, one of the first things they looked at if a child was brought to them—to see if his nails were bitten off."

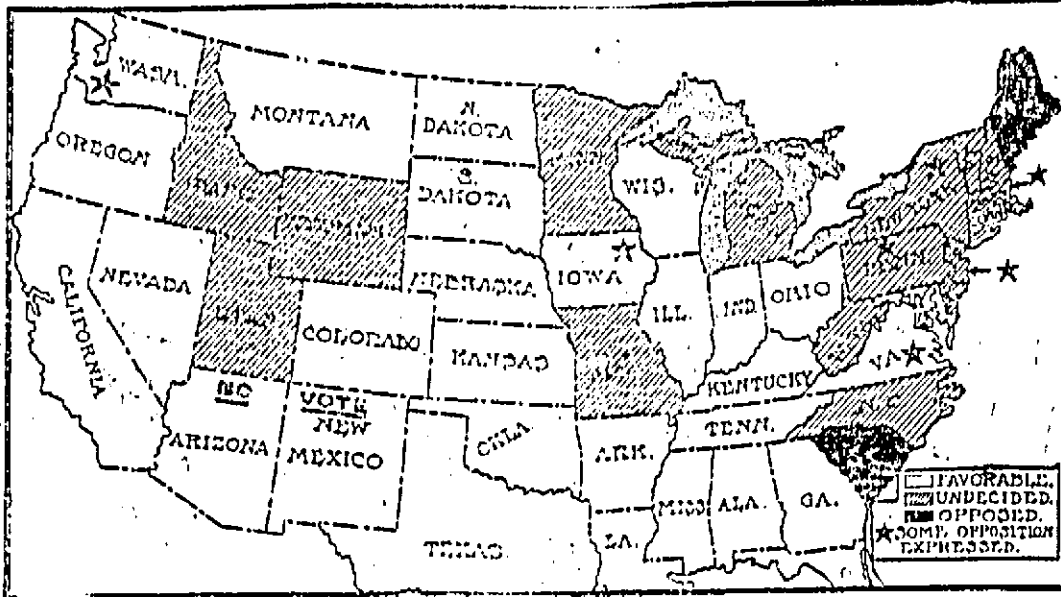

"When I got through telling that story," she said when relating the "break" to me afterwards, "I saw that mine host, who is a very clever lawyer, was hiding his hands under the table."

"I found out later, of course, that he bites his nails to the quick. He was too big a man to hold it up against me, but I have never told that story since without looking over the nails of my audience first."

Some people can appreciate a story on themselves, but more cannot.

If you want to tell a story that hits at any particular failing, any sect, any nationality, or any class of people at all, look over your audience before you tell it. It can't do any harm, and it may do much good.

SENTIMENT OF THE PEOPLE REGARDING INCOME TAX AMENDMENT TO THE CONSTITUTION. Map pictures at a glance the result of the first attempt to get the exact sentiment of the people regarding the income tax amendment to the constitution.

By MATHER.

The proposed income tax amendment to the constitution will undoubtedly carry with at least three votes to spare. Only nine states out of 46 voice any opposition whatsoever.

Only two states, Maine and South Carolina, show a majority vote against the amendment.

No party lines in issue. Majority of sentiment against the amendment is in the original 13 states in the east, where 10 out of the 12 votes opposed to the amendment were registered. Balance of the country practically a unit in favor of amendment.

President Taft's suggestion of a constitutional amendment for an income tax will carry by a vote of at least 37 to 9, having 3 votes to spare over the three-fourths required to ratify the amendment, and it may have an even stronger favorable vote. Such at least is a safe prediction based upon a straw vote of the newspapers of every state voted among the undecided and open in the Union.

Two hundred papers were selected covering fully each state and replies were received from 179 of those newspapers. These picked regardless of politics and from the smaller prosperous papers rather than the large metropolitan sheets. Of the entire 179 votes received only 12 voted the least opposition to the amendment. The 12 votes cast in opposition were divided among 9 states, as follows: Iowa, 1; Maine, 2; Massachusetts, 2; New Jersey, 1; New York, 2; Pennsylvania, 1; South Carolina, 1; Virginia, 1; Washington, 1. In each case, except that of South Carolina and Maine, the favorable vote far exceeded the opposition, though in the conservative in the vote a state was considered unde-

ecided whenever the combined undecided vote where the sentiment was divided and opposed votes equaled or exceeded the favorable vote. Had a six states, namely: Michigan, New Jersey, New York, Pennsylvania, Ver-

mont and West Virginia, which would have entered the undecided list. But the other ten states whose combined undecided and opposition votes together exceeded the favorable votes were placed in the doubtful states.

Alabama was the first state to pass on the amendment and it carried just as our straw vote showed it would, unanimously. Among the western states the only governor who has actively taken up sides against the proposed amendment is Governor William Spray of Utah.

The vote in Utah shows a divided sentiment and it has been placed in the doubtful column.

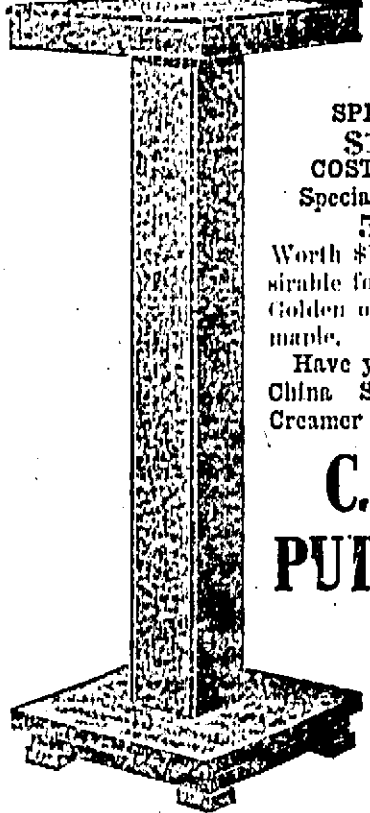

From Los Angeles, Cal. comes the ironic reply: "Men of wealth will undoubtedly oppose and others favor the proposed amendment." The preponderance of sentiment is undoubtedly favorable in this district. The eastern capitalists are all busy

exerting every influence to down the amendment. The statehood for New Mexico and Arizona, which undoubtedly will be brought up in the next session, is being woven into the amendment legislation, for if the two states should vote favorable, it will be even harder for those opposed to the amendment to secure the required number of states to vote against it.

They Do Not Make Love.

This is a wise saying of the Moors: A woman is like your shadow; run away from it and it will follow you; run after it and you can never catch it. The men of Morocco are not lovers, and all the preliminaries of the marriage are arranged by the parents. The women of the family have a very monotonous time, not being allowed to leave the houses.

## GREEK REBELS ARE PACIFIED.

Soldiers Who Revolted Return to Their Barracks.

Athens, Greece, Aug. 30.—The crisis in political affairs here, which reached its height in the mutiny of the local garrison and the formation of a new cabinet, has subsided. A decree was published granting amnesty to the troops concerned in the military movement and those who were encamped outside of the city for 24 hours, numbering 548, returned to their respective barracks.

They were addressed by their leader, Col. Zorbas, who said that as the nation had approved their demands and the king had granted amnesty they must return to the path of loyalty and discipline. The city is tranquil. It is stated that the crown prince will resign as chief in command of the army. Among the reforms demanded by the troops were that the general command of the army should be entrusted to three officers of the rank of general, acting under the supreme authority of a royal prince, the other members of the royal family serving in the army to be treated as ordinary officers; that foreign officers shall be appointed to reorganize the army and navy, the latter to be strengthened by an infantry and eight destroyers. Protest also was made against the maintenance of several royal yachts, it being contended that one for the king's use was sufficient.

## FOUR ARE HURLED TO DEATH.

Car Strikes Auto Near St. Louis and Relatives Lose Lives.

St. Louis, Aug. 30.—Five persons, four of them closely related, were killed today when an automobile in which they were riding was struck by a fast passenger train of the Chicago, Rock Island & Pacific railway, 2½ miles west of Vicksburg station, on the Crave Courte lake road, St. Louis county.

All victims of the accident were residents of St. Louis. The dead were: Theodore F. Witte, Theodore F. Witte Jr., Mrs. Carl Klinge, Miss Helen Campbell and Frederick O. Witte.

The two men were brothers and officials of the Witte Hardware Company, one of the oldest mercantile establishments of the city. Mrs. Klinge was their sister-in-law.

## Man Hunt in Minnesota.

Anoka, Minn., Aug. 30.—Posses are scouring the country in search of an unidentified man who fatally wounded Jacob Schwab, 72 years old, at his farmhouse, three miles east of Anoka. The man demanded admittance to the house, and when Schwab ordered him out, the man leveled a pistol and shot three times, all taking effect, one in the abdomen. Schwab is a widower and is said to be wealthy.

## Fatal Wreck in Michigan.

Detroit, Mich., Aug. 30.—Fireman John Brush of Battle Creek was killed and three other trainmen were injured when a Grand Trunk railway express train running from Chicago to Port Huron collided with a work train near Capre, Mich. None of the passengers were hurt.

HARRIMAN IMPROVED  
DECLARES HIS PASTOR

Makes Statement on His Word As a Clergyman to Stop Sensational Reports.

Arden, N. Y., Aug. 30.—There seems little doubt today that the reports about the condition of Edward H. Harriman, "railroad king" of the United States, have been exaggerated. "Mr. Harriman is better. You may say that Mrs. Harriman and all of us are very happy over the steady improvement in his health since he came to Arden house. So far as I know this is the first authorized statement made by a member of the Harriman household and I am most anxious that it should be printed precisely as I present it."

The foregoing statement was made by Rev. J. Holmes McGuinness, E. H. Harriman's personal chaplain, who spoke conservatively and with authority after dining with the Harriman family and talking with its head. "My position in this matter is sharply defined," said Mr. McGuinness. "I am Mr. Harriman's personal chaplain. He took me up as a mere boy—when I was only 15—and I feel bound to him by ties of the deepest gratitude. But I will make you a confession. If you think an announcement as positive as I can give you would put an end to sensational rumors, I will do what I can to help you, and I speak as a Christian clergyman—all that I can tell you is that Mr. Harriman is better now and that we are all very happy about it."

All that was heard heretofore seemed to echo the cheerful opinion of Rev. J. McGuinness. In an interview Saturday Jacob H. Schiff, the New York banker, after a visit to Mr. Harriman declared there would be no surgical operation and that none is necessary.

## PASTOR "FAN" TALKS AT GAME

Loss by Home Team Only 8 in of Sunday Playing.

Minneapolis, Minn., Aug. 30.—Minneapolis got its first touch of religious services when Rev. G. L. Morrill, delivered a short address before Minneapolis-Kansas City game at Nicollet park. Fully 7,000 fans were in attendance and that part of the stands which could hear the speaker listened intently while Mr. Morrill spoke. He was introduced by Empire King and quiet reigned throughout the park during the service.

"The west," said Mr. Morrill, "is never content to be behind the east in any progressive movement and will not take a back seat when baseball religious services are considered. For myself, I do not usually attend Sunday games because I go every other day in the week, but there is no reason why others than myself should not enjoy the sport. Live and let live is a pretty good motto and I believe that this crowd is largely made up of men who have but this one weekly chance to see the Minneapolis club fight for the pennant. I believe the only sin of Sunday baseball is for the home team to lose, so I say to the Minneapolis boys, go in and climb a notch toward the flag."

## DURAND NAMES ASSISTANTS.

Advisory Staff to Census Director Appointed for Temporary Service.

Washington, Aug. 30.—The formation of the census schedules, upon which the enumerators will enter the information they secure next April, is one of the most important subjects now before United States Census Director Durand and Assistant Director Willoughby.

The census law authorizes the director to determine the form and subdivision of the inquiries necessary to secure the information ordered by congress.

To assist in this work, Director Durand has secured the co-operation of a score or more of experts in statistics, economics, agriculture, manufactures, etc. They have been appointed expert special agents to serve for a short time while the work of formulating plans is under way and are now assembled in Washington. The agriculture, manufactures, and population schedules are the principal ones under current discussion.

## Jubilee of Schuetzen Verein.

San Francisco, Aug. 30.—The San Francisco Schuetzen Verein began yesterday the celebration of its golden jubilee, and the festal will continue all the week. The opening feature was a great parade of many organizations, winding up with a volleyball at Shell Mound park. The shooting program for the festival is elaborate, and marksmen from all parts of the country are competing for the numerous handsome prizes.

## ELECTRIC HAIR DRYER

Simple Apparatus for Drying Women's Hair After Shampooing.

How often some lady has made the remark: "I would like a good shampoo at home before going to the theater, but cannot, because my hair is so abundant that it takes forever to dry." An electric hair dryer that seems to meet this want has been recently perfected by a New York man, and by its use the exhilarating effects of a good shampoo can be enjoyed at the privacy of the home. This hair dryer is made of aluminum, being very

Light in weight and readily held in one hand. Power is obtained for operation from the ordinary household electric light socket. By an ingenious arrangement either cold or warm air can be obtained. The air is obtained from a little electric fan which revolves inside the dryer. To obtain the warm air current the heat is generated by having the current flow through a resistance coil.

GREAT CONTEST ENTERS  
UPON ITS LAST WEEK

Everything in Readiness for the  
Final Week in this  
Great Event.

## IT IS NOW OR NEVER

Thousands of Votes Went Out  
Into Reserves Sat-  
urday.

ELEGANT PRIZES ARE ALL  
READY FOR THE  
WINNERS.

Tomorrow morning the ballot box will be opened for the last time until it is opened for the final count. After tomorrow's count the lock of the ballot box will be sealed and the keys will be deposited in the Rock County National bank where they will remain until delivered to the three judges who will have charge of the final count next Saturday evening. They will then open the box and count the votes which will decide who the winners of the twelve handsome presents will be.

The ballot box remains at The Gazette office all of the last week and is open to receive your ballots but we do not count any of these ballots deposited after Tuesday morning until Saturday evening at 9 o'clock. The final count. Directly after 9 o'clock Saturday evening the ballot box will be given into the charge of the three judges who will conduct the final count in full view of everyone, to the perfect satisfaction of all. The Gazette cordially invites the attendance of every candidate and her friends at the final count.

This will begin directly after 9 o'clock and announcement of those successful will be made at the earliest possible moment. Experienced accountants will have charge and adding machines will be installed, consequently this announcement of the successful ones will be rendered in a short space of time.

Remember, the ballot box is to be found at The Gazette office until 9 o'clock Saturday evening.

On Last Week. Only five more days remain in the great contest. On Saturday evening, Sept. 4, it will be determined who will win the 3 new pianos, 3 gold watches, 3 gold watches and 3 gold watches. The candidates have done nobly up to date and their efforts are not relaxing during the remaining days. Subscribers are pouring into The Gazette office at an unprecedented rate and thousands of votes are going into reserves. On Saturday night, Sept. 4, these reserves will be opened for the first time, and upon them depends largely who will be the lucky contestants. Persons who have promised to vote for some young lady in the contest should do so by subscribing for The Gazette within the next five days. A little help now will be worth a great deal of consolation after the race is over.

Five days is not a very long time, but it is going to be filled with the greatest possible interest and enthusiasm on the part of the general public. There was never a contest held in Janesville which excited the interest of so many people as has this contest. And no wonder. There are a large number of votes directly interested in it, and there are hundreds and hundreds of people working for the young ladies. The five days which remain in the contest will prove the most spirited of all and will count more than all the previous time combined. Subscribing times are anticipated at the finish.

Future Orders. Don't give up getting a party as a subscriber, simply because he is already taking some other paper for which he has paid in advance. Take his subscription to The Gazette to begin at the expiration of the other paper, and when that time arrives, he will begin to receive The Gazette.

Open Evenings. For the benefit of those who cannot call during business hours, this office and contest department will be open every evening.

## STANDINGS OF CONTESTANTS

## FORTY YEARS AGO

Janesville Daily Gazette, Aug. 30, 1869.—Sneak Thieving.—A sneak thief entered the home of Mr. J. M. Hancock on Saturday night, and stole therefrom a quantity of clothing. The thief did not gain access to any other portion of the house.

Thayer's Circus.—The circus and menagerie of Dr. James L. Thayer arrived in our city this morning and made a most brilliant display on our streets. This exhibition is spoken of in highest terms by those who witnessed it. Their afternoon entertainment under their canopy near the depot was well attended, and we presume our citizens will take advantage of the opportunity and fill the tent this evening.

Police Court.—A female named Johanna McCarty was brought up on a charge of poaching on a neighbor's henhouse and taking therefrom sundry feathered animals. She was found guilty and sent up for ten days. Emma Shaw was brought before the court for vagrancy. She ought to be convicted on general principles every time she is arrested. A frequent patron of the police court did not wish his name to appear in print because it would hurt his character. We have concluded

TRYING DOWN THE GREAT TRUSTS.

New "Law Commission."—New York.—About the middle of September President Taft's new "Law Commission" will meet here and begin the most careful investigation of trusts and trust law ever undertaken. The commission is to consist with all the "trust busters" and "trust makers" and investigate all the laws formulated to date. The reasons for the failure of present laws to get results will be carefully gone over. Then a new law will be formulated which President Taft will back with all the power at his command and if it is carried by congress a new era in the curbing of the great trusts will result.

Next week when Attorney General Wickersham goes to Davenport to see the president this will be one of the main topics under discussion and at this meeting a general plan of operation will be decided upon.

The commission is to consist of two cabinet officers, Attorney General

and labor to a point near the department of justice.

The bureau of corporations will be required to find the evidence of illegal combinations, and the department of justice will be entrusted with the task of prosecution. This work will be under the immediate supervision of Wade H. Hill, assistant to the attorney general and a close friend of President Taft.

The new plan provides for sound laws under which conviction can be obtained instead of the old method by which nearly all prosecutions failed through technicalities.

Turn Obstacles to Stepping Stones.—The block of granite which was an obstacle in the pathway of the weak, becomes a stepping stone in the pathway of the strong.—Thomas Carlyle.

Why, Certainly.—Departing Passenger.—O, conductor, won't you give me a transfer of some other color? This one doesn't match my gown at all.—Puck.

Correct.—Hobo.—Say, cop, what's the charge agin me? Cop.—I think that it will be about \$2.25 in the morning.

TRAVELING IN SAFETY.—Kid.—Look out, Pat, or you'll drop dat box overboard. Pat.—That wouldn't make any difference. It's filled with mackintoshes and raincoats.

Seventeen-year-old St. Louis girl ambitious to be balloon pilot Miss Melba Heilmann

St. Louis.—Miss Melba Heilmann, 17 years old, only child of Maurice A. Heilmann, a millionaire, and popular in the younger social set, declared tonight that she would qualify as a balloon pilot. To this end she will make her first ascension in 10 days in the Melba, a balloon manufactured by her father, who is himself an aeronaut. Miss Heilmann has long been known as one of the most daring automobilists in St. Louis. But the excitement of speeding along the ground has palled. When her father began to manufacture balloons and airships two years ago she became interested in aeronautics and has been urging him ever since to allow her to make a flight.

consented only last night," she said joyously to a reporter, "and I am to make the ascent in the balloon papa named for me. He will go up with me. I am going to qualify as a balloon pilot. You see, I must first make a certain number of ascents and learn to handle a balloon under all circumstances and under every emergency. After that I must answer questions to show that I am an expert, and then I can get a license, and perhaps take up my friends."

It is said the Melba will be kept for the exclusive use of balloon parties invited by Miss Heilmann. She is fond of athletics and also is highly accomplished.

## Talks on Snake Culture

No. 9—The Helping Hand

A little while ago a man in Kansas City needed seven dollars to keep him out of jail. "Come with me," he said,

to the constable, speaking cheerily: "Charlie will let me have the money." Charlie operated a nice family saloon just around the corner, and the man who was in trouble had melted his salary there for years. He explained his

situation to Charlie. He must have seven dollars right away, or he locked up, and Charlie laughed heartily, and told him to fade away. He had a little phial in his pocket; it contained a deadly poison, and he had carried it for quite a while. He swallowed the contents and died. It is not on record that Charlie placed a floral horseshoe on his coffin. It is a good thing to remember, when you are holding high—wasah, that when you reach the end, of your rope you can't depend upon Charlie for such help as you may need. The grocer, or the butcher, or the candlestick maker, will generally treat a regular customer right when he gets into a hole, but Charlie has a lot of diamonds, and such things to pay for, and has to be careful of his pennies.

## A WORD

to the man that is paying rent, to the man that is raising poor crops, to the hard working man and to the speculator: Do you know that there is an opportunity awaiting you today?

I am offering to you today the best investment that was ever offered to any man.

I will sell to you and give choice out of 40,000 acres of fine agricultural and grazing land, also timber land in 40-acre tracts and upwards for \$12.50 per acre, one-quarter payment down, located in the heart of Wisconsin, the leading dairy state of the United States.

Has there ever been an offer made to equal this? No, of course not.

It will put the wise man on the road to independence, if he will grasp this wonderful opportunity. Stop to consider and investigate.

This land lies in the beautiful county of Clark and is surrounded with fine schools, creameries, cheese factories and possesses some fine roads as can be seen anywhere.

It is the most sensible investment of the 20th century.

This land when developed will be worth from \$100.00 to \$150.00, which is the price of some of the improved farms today.

REMEMBER, that this opportunity will not last long.

Just as soon as one-quarter of this land is sold the price will soar up to \$20 per acre, which is the normal price.
